yes, they told me they were doing SIR. I believe Kevin is new at this, so possibly isn't familiar with what we need to see, but I explained what documents we need to everyone present so hopefully they can help him. They also owe us the annual tests.

Erin,

Thanks for forwarding this to me. In your notes it sounded like the facility was using SIR. The records sent were obviously not SIR results. Hopefully they sent this information to the vendor.

Maybe I'll give them a call.
